Smart LeafVision – Terms & Conditions

Last Updated: [replace date]

1. Acceptance of Terms

By accessing or using Smart LeafVision, you agree to follow these Terms & Conditions. If you do not agree, please stop using the service.

2. Purpose of the System

Smart LeafVision is designed for educational and informational purposes, such as monitoring plant health, detecting environmental conditions, and displaying related data. It should not be used as a replacement for professional environmental, agricultural, or safety assessments.

3. User Responsibilities

Users agree to:

- Use the system safely and respectfully.
- Avoid tampering with hardware or software.
- Not use the system for illegal, harmful, or disruptive purposes.
- Provide accurate information when required.

4. Data Collection

Smart LeafVision may collect:

- Plant condition data
- Sensor data (humidity, light, temperature)
- Device performance logs

5. Data Storage & Sharing

Data is stored locally or on your chosen platform. Smart LeafVision does not automatically share data with third parties.

6. Intellectual Property

All logos, software, and materials belong to their respective creators and may not be copied or sold without permission.

7. System Limitations

Sensor readings may vary. Smart LeafVision is not responsible for decisions made based on system output.

8. Safety Disclaimer

Users must follow safe electronic handling practices and avoid exposing the device to hazards.

9. Changes to These Terms

Smart LeafVision may update these terms at any time without prior notice.

10. System Activation Rights

Smart LeafVision has the right to activate, update, or run system processes without prior notice when required for maintenance, security, diagnostics, or performance improvements.

11. Limitation of Liability

Smart LeafVision is intended for educational and informational use only. The creators are not responsible for injuries, accidents, damages, or losses that may occur due to:

- Improper wiring or unsafe handling
- Modifying the device
- Misuse of hardware or sensors
- Environmental conditions outside system control

Users must handle all equipment safely. Smart LeafVision does not guarantee protection from hazards and is not liable for injuries resulting from unsafe or improper use.

12. Contact Information

For assistance, contact the Smart LeafVision creator or team.
